

Could you help us stuff a stocking this year?

We are collecting gifts & toys for children who will be spending their festive season in emergency accommodation or refuge, due to them having to flee their homes as a result of domestic abuse.

140,000 children in the UK live in households where there is high-risk domestic abuse and every year hundreds are forced to leave everything behind to find safety over the festive season.

If you can help by donating a new gift for a child or young person (under 17 yrs old) then we will make sure it gets to a child in need in Bedfordshire this Christmas.

Thank-you.
